

## **Developing and Sustaining an Evidence-Based Reading Culture**

1. What is the reading culture in your school or district?

---

---

---

2. What are your understandings about what it takes to have high student outcomes?

---

---

---

3. What are your expectations for students and staff regarding reading?

---

---

---

4. What are the evidence-based reading practices in your school?

---

---

---

5. What is your purpose?

---

---

---

6. What do you want to achieve?

---

---

---

7. What will it take?

---

---

---

8. List the different contexts that you communicate with staff about reading. In what ways can the communication procedures be enhanced to support a reading culture?

---

---

---

9. List the different contexts in which staff collaborate to support reading instruction. In what ways can collaborative opportunities be refined to support a reading culture?

---

---

---
